# WELCOME MESSAGE

---

On behalf of the IASGO Egyptian Chapter It gives me a great pleasure and privilege to serve as the Conference President for this event & I cordially welcome you to our **2<sup>nd</sup> Annual Meeting**.

This year the meeting will discuss and showcase the latest developments & advances in specific areas of gastroenterology, medical oncology, hepato-biliary and pancreatic surgery. This shall be covered in the form of symposia, panels, video sessions, scientific lectures, debates, plenary lectures, and interactive sessions.

The conference represents a unique opportunity for global networking with experts & surgical service providers and as i am quite assured that the scientific committee prepared a worth attending conference that will serve as an international platform for the exchange of knowledge and expertise in the field, we expect that you find the conference stimulating, engaging and fulfilling experience!

We hope that you will find time to sample many of the unique features within the city of Cairo as you get introduced to colleagues from different governorates in Egypt and guests from all over the world, make new connections and develop a network that will last a life time.

Sincerely,

President of the Egyptian  
Chapter & the Conference  
**Prof. Dr. Mohamed Abdel Wahab**

A handwritten signature in black ink, appearing to read 'Mohab'.

Secretary G. of the Egyptian  
Chapter & the Conference.  
**Prof. Dr. Tarek Ibrahim**

A handwritten signature in black ink, appearing to read 'Tarek Ibrahim'.

# WELCOME MESSAGE

---

On behalf of the International Association of Surgeons Gastroenterologists and Oncologist (IASGO), we are delighted to welcome you to the **2<sup>nd</sup> Annual Meeting of IASGO Egyptian Chapter** in collaboration with the Egyptian Society of Surgeons and the Egyptian Group of Hepatopancreatobiliary Surgery.

IASGO was originally founded in Amsterdam 30 years ago as a unique multidisciplinary and interdisciplinary society in order to pursue the mission of the globalization of medical knowledge. Surgeons, gastroenterologists, and oncologists are encouraged to join forces with all the partners worldwide in order to realize the mission of IASGO.

We believe that up-to-date medical practice and expertise could and should benefit all communities worldwide, and that they have to be available beyond any kind of discrimination – based on individual, institutional or national levels – to every patient suffering from challenging and life-threatening diseases. IASGO's leadership strives to implement this vision through a well-structured educational program with a global reach, which is teaching and promoting multi-disciplinary, collaborative approaches for treatment of intractable diseases.

Professor Mohamed Abdel Wahab, President of the Conference, the Local Organizing Committee of the Egyptian Society of surgeons and the Egyptian Group of Hepatopancreatobiliary Surgery, and the IASGO Executives have joined efforts to develop an outstanding multidisciplinary scientific program. The program includes international experts as well as promising young fellows from the region. This will allow for networking and cross-fertilization among experts at various stages of their careers and diverse interests to promote further collaborative projects at an international level.

Last but not least, the social program of Annual Meeting of IASGO Egyptian Chapter will be unique. Cairo is a megacity with many historic monuments and known as the “Mother of the World”. There will be many opportunities to enjoy sightseeing the beautiful city and meeting friendly people.

**Masatoshi MAKUUCHI**

IASGO President

*Masatoshi Makuuchi*

# WELCOME MESSAGE

---

On behalf of the International Association of Surgeons Gastroenterologists and Oncologists (IASGO), we are delighted to welcome you to the **Second Annual Meeting of IASGO Egyptian Chapter** in conjunction with the 11<sup>th</sup> Annual Meeting of Egyptian Society of Surgeons and the Egyptian Group of Hepatopancreatobiliary Surgery.

IASGO was founded in Amsterdam in 1988 as a unique multidisciplinary society with the aim of the globalization of medical knowledge. Surgeons, gastroenterologists, and oncologists are encouraged to join forces worldwide in order to realize the mission of IASGO. We believe that up-to-date medical practice and expertise are needed in all communities worldwide, and that they have to be available beyond any kind of discrimination to every patient suffering from challenging and life-threatening diseases. IASGO's leadership strives to implement this vision through a well-structured educational program with a global reach, which is teaching and promoting multi-disciplinary, collaborative approaches for the treatment of intractable diseases.

Professor Mohamed Abdel Wahab, President of the IASGO Egyptian Chapter, and the Local Organizing Committee of the Egyptian Society of Surgeons and the Egyptian Group of Hepatopancreatobiliary Surgery gained credits to have developed an outstanding multidisciplinary scientific program last year. Once again, in this special opportunity of the Second Annual Meeting of IASGO Egyptian Chapter, they joined forces with IASGO leadership and created one of the highest-level programs that includes international experts as well as promising young fellows from the region. This will lead to networking and cross-fertilization among experts at various stages of their careers and diverse interests to promote further collaborative projects at an international level.

Cairo is a megacity with many historic monuments and known as the "Mother of the World". Moreover, Cairo is the mother city of IASGO which has hosted the World Congress in 2010. There will be many opportunities to enjoy the beautiful city and to meet friendly people. We hope that you enjoy the unique culture of Cairo as well as the high-quality scientific program at the Second Annual Meeting of IASGO Egyptian Chapter !

Sincerely yours,

**Kyoichi TAKAORI**  
IASGO Secretary General

*Kyoichi Takaori*

**Dan G. DUDA**

IASGO was founded in Amsterdam in 1988. Today, it has strong sections in more than 70 countries, which greatly assists in assessing educational needs. The main goal of this organization has been and remains globalization of medical knowledge and expertise through a well-structured and precisely organized system of continued medical education.

In pursuit of this goal the Egyptian Chapter of IASGO was inaugurated in May 2017 to emphasize the Egyptian identity in the surgical field and catch up with international standards.

# CAIRO'S SIGHTSEEING

## The Palace of Baron Empain

Built by the Belgian-born industrialist, Baron-General Eduard Louis Joseph Empain, the palace represents the most popular landmarks of Heliopolis.

## The River Nile

Considered by many people as the most famous river in history, along its banks, one of the oldest civilizations in mankind has been established. A Nile cruise in a Feluka can be very inspiring.

## Pyramids & Sphinx

As an engineering miracle, the Pyramids stand stoutly for over 4500 years. Originally built by Kings Khufu, Khafre and Menkaure to be a burial places for the ruling Pharos during the Old & Middle Kingdoms. Today, the Pyramids are the only wonder surviving from the Seven Wonders of the World.

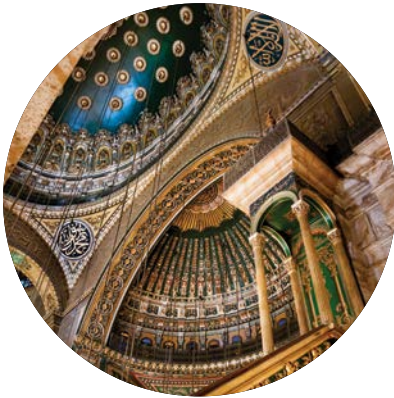

## Azhar Park

Among several honors, this park is listed as one of the world's sixty great public spaces; enjoy exotic settings, reminiscent of ancient times gone by a variety of unique cafes and restaurants thoughtfully positioned for visitors to appreciate the most dramatic views of Cairo.

# CAIRO'S SIGHTSEEING

## **Citadel – Mohamed Ali Mosque**

The Citadel was built by Salah El Din Al Ayoubbi, the Citadel incorporates the great mosque of Mohamed Ali, the architectural icon; Al Madrasa (School) of Sultan Hasan, and the Police and Military Museum. The area still enjoys a pure air and nice weather.

## **Egyptian Museum**

Opened in 1902, the museum is often referred to as one of the most important museums in the world, with over 100,000 exhibits in 107 halls and galleries, in addition to the world's finest ancient Egyptian relics.

## **Wadi Degla Desert Conservation Area**

As an engineering miracle, the Pyramids stand stoutly for over 4500 Located at the northern area of the Eastern Desert, sThe whole area is 60 km<sup>2</sup>, and was declared a Natural Protectorate in 1999. On both sides of the area, caves were created that provide shelters and home for wildlife.

## **Khan El Khalili**

Khan el-Khalili, a unique blend of bazaars that is now usually called «El Khan», named for the great Caravansary. Together with Al-Muski market to the west, they comprise one of Cairo's most important oriental shopping areas.

## **El Khayamiya**

Egypt has always been famous for its handicrafts. Carpets and appliquéés are one of the most wonderful crafts to look for in Cairo.

# GENERAL INFORMATION

---

## Meeting Dates

November 15<sup>th</sup> - 16<sup>th</sup>, 2018

## About the Venue

Hilton Heliopolis is perfectly placed in Cairo's distinctive presidential quarter and blends stylishly luxurious accommodation with business and conference facilities unmatched anywhere else in the city located just 10 minutes away from Cairo International Airport.

Hilton Heliopolis is faithful to Egyptian traditions and heritage, but adds a distinctly contemporary and chic edge to the captivating setting of lush vegetation, gently rippling waterways and a lobby naturally day-lit through towering windows and a spectacular atrium.

## Language

The official language of the meeting is English.

## Climate

The average daily temperature during this month in Cairo is 20°C (68°F), this can reach highs of 25°C (77°F) or drop to lows of 14°C (57°F).

## Name badges and conference materials

Will be provided onsite to all registered delegates at the registration desk. All delegates are requested to wear their badges during all the conference sessions.

## Meeting information & registration desk hours

Registration hours: 08:00 – 09:00 (2 days)

Scientific program Day 1: 09:00 – 19:30

Scientific program Day 2: 09:30 – 19:10

Sessions Hall: Canyon (Hall A & B)

## EGYPTIAN SURGERY LEAGUE!

Day 1 (17:45 - 19:45)

(Launching – Benha Vs Minia Match)

# GENERAL INFORMATION

## Served Meals

### Thursday 15 November

Coffee Break: 12:45-13:00

Lunch Break: 16:45-17:45

### Friday 16 November

Coffee Break: 11:30-12:30

Dinner: 19:10-20:10

## Exhibition

The meeting is accompanied with a commercial exhibition featuring exhibitors from healthcare industry including pharmaceutical companies, surgical equipment and devices industry.

## Certificates

Certificates can be collected at the registration desk on the last day of the conference upon filling a datasheet

- Appreciation (Chairperson & Moderator)
- Presentation (Speakers)
- AACME Certificate (Attendees)

# GENERAL INFORMATION

## Conference Badges

The front of the nametags contains both attendees name, as well as a barcode that can be scanned quickly to review attendee data.

**Wearing your name tag is MANDATORY to access all sessions.**

Conference badge holders are color coded as follows:

**Red:** Chairperson/Moderator

**Blue:** Speaker

White: Attendee

## Audiovisual Instructions

Congress halls will be equipped with:

Laptops with Microsoft Windows 7, Microsoft Office 2010 and high, PDF Readers are available in the conference halls. To ensure that the meeting progresses smoothly, please follow the following instructions:

### For Speakers

All presentations should be recorded on a USB flash memory

Please save presentations in PowerPoint format

Please arrive at the designated session room at least 10 minutes before the session starts & upload your presentation early in the conference hall

No personal laptops are permitted for presentations

In case you have problems with your presentation(s), please refer to our IT support team members within the conference hall

All general sessions are 90 minutes in length, each speaker is expected to restrict to their presentation allotted time

### For Chairpersons

Please attend the session rooms 15 minutes prior to the beginning of time of the sessions you chair

Please introduce the speaker, state the presentation title for each speaker and remind him/her of the duration of his presentation.
